Students at Rohrerstown enjoyed and learned from the Bully You Assembly!

MerMan Productions & Entertainment that Educates used student actors to portray bully-like behaviors and how to prevent and stop it from happening to you! Grades K-6 were all a part of the fun!

Below is a skit that our fellow RES students put on for their peers!

We learned that there are most often 3 or more people involved when a bullying incident occurs.

Students listened as we were taught all about bullying.
